(c) whether a licence has been obtained for rearing cross breed layings in the Government Grainages ;

(d) whether a permit has been obtained for transporting Mysore seed cocoons to the Government Cross Breed grainages ?

A.—Sri H. C. LINGA REDDY (Deputy Minister for Planning and Development).—

(a) Departmental Officers in the Seed Compaign area reserve certain seed cocoons produced in the houses of ryots for use in the Government Cross Breed grainages with the consent of the seed cocoon rearer. The same facility is given to any licensed seed preparer also. It is for the licensed seed preparer to reserve any lot he needs in the Mysore seed area, subject to the condition that the seed rearer is agreeable to the request of the concerned seed preparer. Government cannot deprive licence holders the chances of their obtaining the seed cocoons they select, because there is no control over the price of the seed cocoon or the sale of seed cocoons by a seed rearer to the seed preparer.

SECOND REPORT OF COMMITTEE ON PRIVATE MEMBERS' BILLS AND RESOLUTION PRESENTATION

Mr. DEPUTY SPEAKER.—I present the Second Report of the Committee on a Private Members' Bills and Resolutions. I suppose the House agrees with it. The question is :

"That the House agrees with the Second Report of the Committee on Private Members' Bills and Resolutions."

The Motion was adopted

MEMBER'S REPRESENTATION.

2—00 P.M.

†Sri J. B. MALLARADHYA (Nanjangud).—Sir, I have sent a request to the Hon'ble Speaker to allow me to raise a question relating to a set of instructions stated to have been issued under the signature of the Secretary, Mysore Legislature, presumably, authorised by the Speaker, in respect of certain codes of conduct-certain things to be followed by the Members staying at the Legislators' Home.

My intention in bringing this to the notice of the Hon'ble Speaker and the House is this. There are two points involved in this. I presume, till to day, this Legislators' Home is under the control of the Hon'ble Speaker and the Speaker is the guardian of the rights and privileges of the Members of this House. I do not know under what circumstances the Hon'ble Speaker was pleased to issue these instructions. My information is that these are instructions communicated to the Speaker by the Home Minister to issue these instructions. For one thing, this is a deprivation of the rights and privileges of the Hon'ble Speaker and the Home Minister had no business to interfere with the management and administration of the Legislators' Home.

Coming to some of the details of the instructions, these instructions are of the nature of instructions in the Central Jail, where there are convicts. If I were to be one of those put up in the Legislators' Home,
